Safety Data Sheet
SCORCHED EARTH

Section 1 Identification

Trade Name: SCORCHED EARTH
Product Identification: 5879
Synonyms: Solvent blend
Product Use Description: Herbicide

General Info Phone: (770) 424-7550
Emergency Phone: (800) 255-3924
Supplier: ATCO INTERNATIONAL
1401 BARCLAY CIRCLE SE
MARIETTA, GA 30060

Section 2 Hazards Identification

Classifications
- Flammable liquids - Category 3
- Acute Toxicity - Inhalation - Category 4
- Aspiration Hazard - Category 1
- Carcinogenicity - Category 2
- Germ Cell mutagenicity - Category 1B
- Eye Irritation - Category 1
- Skin Irritation - Category 2
- Specific Target Organ Toxicity (single exposure) - Category 3
- Specific Target Organ Toxicity (repeated exposure) - Category 2

Signal Word: Danger

Hazard Statements
- Keep out of reach of children.
- Read label and SDS before use.
- Suspected of causing cancer
- May cause genetic defects.
- May cause damage to liver, spleen, and bone marrow through prolonged or repeated exposure.
- Causes serious eye damage and skin irritation.
- May be fatal if swallowed and enters airways.
- Harmful if inhaled
- May cause respiratory irritation
- May cause drowsiness or dizziness.
- Flammable liquid and vapor.

Precautionary Statements

Prevention
- Obtain special instructions before use.
- Do not handle until all safety precautions have been read and understood.
- Avoid breathing fumes
- Wash hands thoroughly after handling.
- Use only outdoors or in a well-ventilated area.
Wear protective gloves.
Wear eye or face protection.
Contaminated clothing must not be allowed out of the workplace.
Keep away from heat, sparks, open flames and hot surfaces. □ - No smoking.
Use explosion-proof electrical/ventilating/lighting/handling/process equipment.
Use only non-sparking tools. Take precautionary measures against static discharge.
Keep container tightly closed.
Do not eat, drink or smoke when using this product.

**Response**
- **IF SWALLOWED:** Immediately call a poison center. Do NOT induce vomiting.
- **IF ON SKIN:** Wash with plenty of soap and water. If skin irritation occurs get medical attention.
  Take off contaminated clothing and wash before reuse.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
  Continue rinsing.
- **Immediately call a poison center or a physician**
- **IF INHALED:** Remove person to fresh air and keep comfortable for breathing.
  Call a poison center or doctor if you feel unwell.
- **IN CASE OF FIRE:** Use carbon dioxide, foam or dry chemical to extinguish.
- **If EXPOSED or CONCERNED:** Get medical attention.

**Storage**
Keep container tightly closed. Ground/bond container and receiving equipment.
Store locked up in a well-ventilated place. Keep cool.

**Disposal**
Dispose of contents and container in accordance with all local, regional, and national regulations.

**Hazards Not Otherwise Specified**
Not applicable

### Section 4 First Aid

**IF SWALLOWED:**
- Immediately call a poison center. Do NOT induce vomiting.
- DO NOT induce vomiting.
- Wash the victim with plenty of soap and water.
- Take off contaminated clothing and wash before reuse.
- Get medical attention.

**IF ON SKIN:**
- Wash the affected area with soap and water.
- If skin irritation occurs, get medical attention.
- Take off contaminated clothing and wash before reuse.
- Get medical attention.

**IF IN EYES:**
- Rinse the eyes cautiously with water for several minutes.
- Remove contact lenses, if present and easy to do.
- Continue rinsing.
- Get medical attention.

**IF INHALED:**
- Remove the victim to fresh air and keep them comfortable.
- Call a poison center or doctor if you feel unwell.

**IN CASE OF FIRE:**
- Use carbon dioxide, foam or dry chemical to extinguish.

**If EXPOSED or CONCERNED:**
- Get medical attention.

**Trade Name:** SCORCHED EARTH
**SDS ID:** SDS01165
**SDS #:** 5879

Safety Data Sheet
SCORCHED EARTH

EMERGENCY OVERVIEW
DANGER. Flammable/combustible liquid. Harmful or fatal if swallowed. Aspiration hazard if swallowed. Vapor harmful. Keep away from heat and flame. Can cause nervous system depression.
EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
SKIN: Wash with plenty of soap and water. If skin irritation occurs get medical attention. Take off contaminated clothing and wash it before reuse.
INHALATION: Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.
INGESTION: Harmful or fatal if swallowed. Seek medical attention immediately. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

Section 5 Fire Fighting Measures

Suitable fire extinguishing media:
Use water spray, fog or foam.
Specific hazards arising from the chemical:
Flammable liquid. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of subsequent explosion. Gas may accumulate in low or confined areas or travel a considerable distance to a source of ignition and flash back, causing fire or explosion. Runoff to sewer may create fire hazard.
Hazardous thermal decomposition products:
Carbon Dioxide, Carbon Monoxide
Specific fire-fighting methods:
Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.
Special protective equipment for fire fighters:
Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in a positive pressure mode.

Section 6 Accidental Release Measures

Personal precautions:
Put on appropriate personal protective equipment (see section 8)
Environmental precautions and clean-up methods:
Stop all leaks. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Eliminate all ignition sources. Disperse vapors with water spray. Prevent runoff from entering drains, sewers, streams or other bodies of water. Absorb spill with inert material. Absorb unrecoverable product. Transfer contaminated absorbent, soil and other materials to containers for disposal.
Section 7 Handling and Storage

Do not get in eyes, on skin or on clothing. Avoid breathing sprays and vapors. Avoid skin contact. Keep out of reach of children.

Do not use or store near heat, sparks or open flame. Store in a cool, dry place. Ground/bond container and receiving equipment. Use explosion-proof ventilating and equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

Section 8 Exposure Controls/Personal Protection

1,2,4-Trimethylbenzene
ACGIH TLV 25 ppm

Cumene
ACGIH TLV 50 ppm

Mineral Seal Oil
ACGIH TLV 5 mg/m3 OSHA PEL 5 mg/m3

Solvent Naphtha, Light Aromatic
OSHA PEL 100 mg/m3

n-Butyl Alcohol
ACGIH TLV 20 ppm OSHA PEL 100 ppm

Eye Protection: Wear safety glasses or goggles.

Skin Protection: To prevent repeated or prolonged contact, wear impervious gloves (made from rubber, nitrile or neoprene).

Respiratory Protection: When respiratory protection is required use an organic vapor cartridge. A respiratory program that meets OSHA’s 29 CFR 1910.34 & ANSI Z88.2 requirements must be followed.

Engineering Controls: Good general ventilation required.

Section 10 Stability and Reactivity

Reactivity: Under normal conditions of storage and use, hazardous reactions will not occur.

Chemical Stability: Stable under normal conditions.

Trade Name: SCORCHED EARTH
SDS ID: SDS01165
Incompatible Materials: Acids, strong oxidizers.
Conditions to Avoid: High temperatures, open flames, sparks, welding.
Decomposition Products: CO, CO2
Vapors may ignite at temperatures exceeding flash point.

Section 11 Toxicological Information
Primary Route of Entry: Skin contact, inhalation, ingestion

Acute/Potential Health Effects:

EYES: May cause serious eye irritation. Symptoms include stinging, tearing and redness.
SKIN: May cause skin irritation. Prolonged or repeated contact may dry the skin. Symptoms may include redness, burning, drying of skin and skin burns.

INHALATION: High vapor/aerosol concentrations (>1000 ppm) are irritating to the eyes and respiratory tract. May cause headaches, dizziness, anesthesia, drowsiness, unconsciousness, and other central nervous system effects, including death. May cause peripheral nervous system disorder and/or damage.

INGESTION: Harmful or fatal if swallowed. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

Chronic / Long Term Effects: Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Signs and Symptoms of Overexposure: Signs and symptoms of overexposure to this material through breathing, swallowing, and/or passage of material through the skin may include: stomach or intestinal upset (nausea vomiting, diarrhea) irritation (nose, throat, airways), central nervous system depression (dizziness, drowsiness, weakness, fatigue, nausea, headache, unconsciousness).

Target Organ Effects: Central nervous system, liver, spleen, bone marrow.

Reproductive/Developmental Information: Not available.

Carcinogenic Information: Cumene: NTP SUS; IARC: Group 2B carcinogen. WARNING: This product contains chemicals known to the State of California to cause cancer.

Acute Toxicity Values:
Heavy Aromatic Naphtha: Inhalation LC50 > 5.2 mg/L (rat) 4 hr.

Section 12 Ecological Information
Heavy Aromatic Naphtha: Fish (Oncorhynchus mykiss) LC50 9.22 mg/L, 96 hr.

Section 13 Disposal Considerations
Waste must be disposed of in accordance with federal, state and local environmental control regulations. See label for further instructions.

Section 14 Transport Information
Section 15 Regulatory Information

California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act)
Cumene

CERCLA RQ (40 CFR 302)
n-Butyl Alcohol 5000 lbs
Cumene 5000 lbs

Section 313 of Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986 (40 CFR 372.65)
n-Butyl Alcohol
Ethylene Glycol Monophenyl Ether
Cumene

If identified components of this product are CERCLA hazardous substances and/or listed under Sections 302, 304, or 313 of Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986 (also known as EPCRA, the Emergency Planning and Community Right-To-Know Act), or under California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act), they are listed above in Section 15 of this SDS.

If identified components of this product are listed under Section 313, this product contains toxic chemicals subject to the reporting requirements of Section 313. This information must be included in all SDS that are copied and distributed for this material.

Title III Section 311/312 Hazardous Categories - 40 CFR 370.2:
ACUTE (X) Chronic (X) Fire (X) Pressure ( ) Reactive ( ) Not Applicable ( )

T.S.C.A. Status: All chemical substances found in this product comply with the Toxic Substances Control Act inventory reporting requirements.

RCRA Status: Under RCRA, it is the responsibility of the product user to determine at the time of disposal, whether a material containing the product or derived from the product should be classified as a hazardous waste. If this product becomes hazardous waste it would be assigned RCRA Code(s)
D001

FIFRA information
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

Signal word: CAUTION. Hazard statement: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation.

Section 16 Other Information

HMIS Ratings:
Disclaimer: This Manufacturer believes that the information contained in the Safety Data Sheet is accurate. The suggested procedures are based on experience as of the date of the publication. They are not necessarily all inclusive nor fully adequate in every circumstance. Also, the suggestions should not be confused with, nor followed in violation of applicable laws, regulations, rules or insurance requirements.

Preparation/Revision Date: 5/23/15
