C-SPOT RUN

Industrial Strength Carpet Spot Remover

- ✓ Dissolves and Removes Stains From Woven and Non-Woven Surfaces Caused By Coffee, Tea, Urine, Fruit, Grass, Dirt, Washable Inks, Grease and Oil
- ✓ Helps Protect Against Formation of Mildew and Odor
- ✓ Works Fast on Wet and Dry Spots
- ✓ Contains No Chlorinated Solvents
- ✓ Safe on Colorfast Fabrics

C-SPOT RUN is a water-based product which can be used to remove water-soluble and oil-soluble stains from carpet, fabrics and the like. Carpets and upholstery stay cleaner longer as the formulation will not leave soil-attracting residues. C-SPOT RUN is ideal for all food and body oil stains that no other cleaning product can touch.

APPLICATIONS

C-SPOT RUN is a broad spectrum spot remover for carpets, fabrics, upholstery and laundry. It contains a formula which effectively removes stains caused by greases, oil, water-soluble ink, grass, blood, vomit, coffee and tea, make-up, liquor, chocolate, milk, grass and other tough stains.

This unique water-based product can be used to remove water-soluble and oil-soluble stains from carpet, fabrics and the like. Carpets and upholstery stay cleaner longer as the formulation will not leave soil-attracting residues. C-SPOT RUN is ideal for all food and body oil stains that no other cleaning product can touch. With C-SPOT RUN, there is no harsh scrubbing required and no waiting for the cleaning action to begin. C-SPOT RUN contains a special enzyme package to quickly break up and remove stains, grease, oil and grime from woven and non-woven surfaces. Use C-SPOT RUN for routine or emergency maintenance in hotels, motels, hospitals, office and institutional buildings, and anywhere there is carpeting.

DIRECTIONS

Where to use: Use on carpet and upholstery soiled and stained by pets, food spills, dirt, water and other stain-producing elements.

Prior to cleaning: As with all carpet care products, test for colorfastness in an obscure area before general application.

- 1) Spray stained area; cover the stained area completely.
- 2) Wait 1-2 minutes; blot gently with a clean, damp, colorless sponge or cloth. Rinse sponge or cloth with warm water. Repeat application and cleaning until carpet is clean.
- 3) Blot excess moisture from carpet with a clean, dry, colorless cloth.

Precautions: No carpet cleaner can remove all stains. Certain stains cause permanent discoloration even after cleaning.

TECHNICAL DATA

Composition:	Natural enzymes
