TAR-LESS

Heavy-Duty Tar Remover

Recommended for use on:

- Paving Equipment
- Heavy Construction Equipment
- Concrete
- Brick
- Masonry
- Metal
- Tools
- Ceramic Tile
- Aluminum
- Trucks
- Trailers
- Sidewalks
- Curbs
- Roofing

✓ Heavy-Duty, Citrus-Based Formula

✓ Quickly Emulsifies Tar, Grease, Oil, Asphalt and Bitumen

✓ Controlled Density Formulation Comes Ready to Use - No Mixing Required

✓ Safe to Use - Non Corrosive

...setting performance standards worldwide...

APPLICATIONS

TAR-LESS is a fast-acting, citrus-based tar remover. It is outstanding for removing tar, heavy grease, oil, asphalt and bitumen from all types of vehicles, equipment and masonry surfaces such as brick, stone, concrete, etc. TAR-LESS contains citrus solvents that attack and emulsify tar, grease and oil, allowing for easier and quicker clean up of machinery, equipment and tools.

DIRECTIONS

Apply TAR-LESS by spraying or brushing on, and allow the product to penetrate until tar is soft. Follow up with a pressure wash of water to flush away deposits, or rub clean with a rag. For applications where light tar buildup has occurred, TAR-LESS may be diluted 3 parts product to 8 parts water. TAR-LESS can be used on vertical and horizontal surfaces. It is recommended for use on: concrete, brick, masonry, metal, ceramic tile, aluminum, paving equipment, trucks, trailers, heavy construction equipment, tools, sidewalks, curbs and roofing. Apply with mops, brushes or pressure sprayers.

TECHNICAL DATA

Composition:	Naturally occurring liquid solvents
Type:	Citrus solvent
Specific Gravity:	0.845
Flammability:	Flammable liquid
Flash Point:	120°F (TCC)
Color:	Colorless to faint yellow
Odor:	Citrus
