- ✓ Nursing Homes
- ✓ Fire Departments
- ✓ Police Departments
- ✓ Jails
- ✓ Hospitals
- ✓ Ambulances
- ✓ Offices
- ✓ Industrial Plants
- ✓ Restaurants

CENTURION II...Performance in Action.

● **CONTROLS SPREAD OF VIRUSES.** The special formulation of CENTURION II kills Herpes Simplex Types I & II. It also destroys the germs that cause TB, HIV-1 (AIDS virus), flu, pneumonia, staph infections, cold sores and skin infections, including athlete's foot.

PERFORMANCE BENEFIT: Destroys hard-to-kill infections. Protects public and reduces absenteeism due to epidemic diseases.

● **DISINFECTS SURFACES.** CENTURION II acts quickly to disinfect surface bacteria. Its non-specific action works on toilet seats, faucets, wash basins, garbage cans, telephones, light switches, school bus seats and any hard surface which needs to be disinfected.

PERFORMANCE BENEFIT: Residual action forms a disinfecting shield that works long periods of time. Fewer applications required. Saves money.

● **KILLS ODORS.** CENTURION II eliminates odors that cause stale air, mustiness, tobacco odors and other undesirable odors by spraying it in the air. A clean fragrance remains.

PERFORMANCE BENEFIT: Long-lasting odor neutralization means less labor time and product usage.

APPLICATIONS

CENTURION II is a pseudomonacidal, virucidal, fungicidal, staphylocidal and tuberculocidal. This product will control the following organisms: Salmonella choleraesuis, Staphylococcus aureus, Trichophyton mentagrophytes, Pseudomonas aeruginosa, Streptococcus pyogenes, HIV-1 (associated with AIDS) and tubercle bacilli.

CENTURION II offers protection against the spread of viruses, bacteria and germs in areas where people congregate. It disinfects and reduces hazards of cross infections when used on hard surfaces.

TECHNICAL DATA

Composition:	Phenolic & alcohol-based
Type:	Surface disinfectant & space spray deodorant
Specific Gravity:	7.114
Boiling Point:	212°F
Flash Point:	Flammable
Water Solubility:	Complete
Storage Stability:	Max. 120°F

AEROSOL

ACTIVE INGREDIENTS:

ortho-Phenylphenol	0.100%
para-tertiary-Amylphenol	0.030%
Ethyl Alcohol	53.720%
INERT INGREDIENTS:	46.150%

BULK

ACTIVE INGREDIENTS:

O-Phenylphenol	0.19%
Ethanol	68.00%
INERT INGREDIENTS	31.81%

APPROVALS

Aerosol:

EPA Reg. No. 7405-51-13051

Bulk:

EPA Reg. No. 11694-98-13051
