ECLIPSE

SPF 30 Sunscreen Wipes

Use Anywhere Protection is Needed From the Sun:

- Construction Companies
- City Recreation Departments
- Highway Departments
- Telephone Companies
- Landscaping Companies
- Golf Courses
- Municipalities

ECLIPSE sunscreen wipes offer effective and dependable relief from the sun in an easy one-step wipe. Premoistened with an advanced PABA-free (para-amino benzoic acid) formula, ECLIPSE sunscreen wipes block out the sun's harmful UVA and UVB rays, while leaving your skin feeling fresh and clean. The Vitamin E enriched formula also helps to prevent peeling and dryness.

- ✓ Retains SPF (Sun Protecting Factor) for up to 80 minutes of activity in the water or during heavy sweating
- ✓ SPF 30 provides broad spectrum UVA/UVB protection up to 30 times longer than unprotected skin
- ✓ Oil-free and PABA-free formula is non-greasy and gentle on skin
- ✓ Vitamin E enriched to help prevent peeling and dryness

APPLICATIONS

ECLIPSE is premoistened with an advanced PABA-free (para-amino benzoic acid) formula that blocks out the sun's UVA and UVB rays (the damaging wavelengths of light). It has an SPF (Sun Protecting Factor) of 30, which means that it will protect skin from the harmful rays of the sun up to 30 times longer than unprotected skin. Each application of ECLIPSE lasts for up to 80 minutes, even with water activities or during heavy sweating.

Areas of Use: construction work • road crews • utility work • landscaping • city recreation departments • golf courses • municipalities • any work or activity that requires outdoor exposure to the damaging rays of the sun

DIRECTIONS

• Apply liberally to all exposed areas - 25 wipes per container

Directions For Dispensing:

Remove lid from container. From center of towel roll, pull up a towel corner, twist into a point and thread through the X hole in the underside of the lid. Pull

towel through about one inch. Replace lid on container, assuring a secure fit. Pull out first towel and snap off at 90° angle. Remaining towels feed automatically for next use. Always reseal hinged cap after each use to ensure moisture retention.
