SPARKLE

Plastic and Glass Cleaner

For Use On:

- Glass
- Mirrors
- Chrome
- Stainless Steel
- Enamel
- Painted Surfaces
- Ceramic Tile
- Formica
- Plastic Display Cases
- Other Hard Surfaces

SPARKLE is a foaming cleaner which can be used on glass and many other surfaces. It will not streak, haze, or smear. SPARKLE instantly cuts through grease, dirt and grime to leave windows sparkling clean and haze-free. When used on other surfaces, SPARKLE's concentrated formula wipes off easily, leaving no residue or film. It is excellent for commercial and institutional glass and hard surface cleaning.

- ✓ Safe on Plastic, Plexiglass and Lexan
- ✓ Foaming, Non-Abrasive Formula
- ✓ No Streaks or Residue Left
- ✓ Spray On and Wipe Off
- ✓ Surfaces Stay Cleaner Longer

APPLICATIONS

SPARKLE is a foaming, non-abrasive glass and plastic cleaner with a refreshing fragrance that leaves the area pleasant smelling. The mildly ammoniated formula quickly dissolves film and shines glass without streaking. The aerosol comes with a 360° spray-any-way valve, and the can is 100% recyclable.

Use on glass, mirrors, chrome, stainless steel, enamel, painted surfaces, ceramic tile, formica, plastic display cases and many other hard surfaces.

DIRECTIONS

Shake well. Remove cap. Hold dispenser 8 to 12 inches from surface. Press button, spray on surface, then wipe clean. Polish with a clean dry cloth.
