COIL-NU

Foaming Cooling Coil Cleaner

For Use On Most Any
Coils, Including:

- Window Air Conditioners
- Roof Top HVAC Units
- Auto Radiators
- Small Air Cooled Equipment
- Small Condenser and Evaporator Coils
- Metal Filters
- Fan Blades and More

ATCO's COIL-NU is formulated to penetrate and remove dirt and matted material from condenser coils and fins, eliminating the need for high pressure sprayers and bulky tank sprayers. Upon contact with the surface of the coil, the foaming action of the product begins to remove the soil from the surface. Rinsing is not required. Dirt and lint are washed away with condensation, leaving the unit cleaned and deodorized.

- ✓ No Rinsing, Fast Acting Formula
- ✓ Penetrates and Removes Dirt
- ✓ For Condenser Coils and Fins
- ✓ Cleans and Deodorizes

APPLICATIONS

COIL-NU is formulated to penetrate and remove dirt and matted material quickly and easily from air conditioner coils and fins. No rinsing is required. The condensation produced will wash soil away from contacted surfaces, leaving the unit clean and deodorized.

COIL-NU is an excellent product for air conditioners, central cooling systems, auto air conditioners, refrigeration and freezers. For use in hotels/motels, homes, office buildings, air conditioner services and auto and RV repair services.

DIRECTIONS

Turn fan OFF. Shake can well prior to using. Scrape off matted or loose material with a brush. Hold can 12 inches from air intake side of coils. Spray between fins to allow product to penetrate inner surfaces. Allow to stand 5 minutes. Turn fan ON.

TECHNICAL DATA

Type:	Foaming cooling coil cleaner
Color:	Clear
Odor:	Moderate ammonium citrus
Specific Gravity:	1.00
pH:	12.3
