

## Product Data

# DE-SOLV

## Engineer's Solvent & Degreaser

### Areas of Use:

- Machine Shops
- Aircraft Equipment
- Drilling Rigs
- Industrial Plants
- Office Equipment
- Automotive Shops
- Cleaning & Maintenance Services
- Schools
- Health Service Maintenance Departments
- Eating and Drinking Establishments

DE-SOLV Engineer's Solvent & Degreaser is a powerful blend of safe organic solvents especially designed to quickly remove and flush away grease, tar, oil and grime from all types of surfaces. ATCO's DE-SOLV contains no chlorinated or fluorinated solvents, making it an ideal product to use in environmentally conscious situations or where other highly toxic products are not suitable. It has comparable solvency with petroleum distillates and chlorinated solvents and safely cleans metal, dies, molds, bricks and most plastics.

- ✓ Powerful Blend of Safe Organic Solvents
- ✓ Non-Conductive
- ✓ 48,000 Volts Dielectric Strength
- ✓ Contains No Chlorinated or Fluorinated Solvents - Pleasant Citrus Fragrance
- ✓ Works Great On Electrical Motors, Machinery, Tools, Molds, Dies and Engines
- ✓ Safe On Most Plastics

## APPLICATIONS

ATCO's DE-SOLV Engineer's Solvent & Degreaser was developed to provide industries with a safe way to clean grease, tar, oil and grime from electrical and mechanical equipment. The concentrated formula contains no chlorinated or fluorinated solvents, making it the ideal product to use in environmentally conscious situations or where highly toxic products are not suitable. DE-SOLV is ideal for use on electrical motors, machinery, tools, molds, dies and engines.

**Areas of Use:** machine shops, aircraft equipment, drilling rigs, industrial plants, office equipment, automotive shops, cleaning and maintenance services, school and educational services, eating and drinking establishments and health service maintenance departments.

## DIRECTIONS

Remove cap. Spray over the surface to be cleaned until completely saturated. Allow solvent to penetrate and soften soil. Wipe or rinse with a second spray. On heavily encrusted areas, use a brush. When cleaning electrical equipment, make sure equipment is off. This product may harm some plastics and painted surfaces. Test product in an inconspicuous area before using.

## TECHNICAL DATA

<b>Composition:</b>	Organic Safety Solvents
<b>Type:</b>	Engineer's Solvent & Degreaser
<b>Odor:</b>	Citrus Fragrance
<b>Flammability:</b>	Flammable Aerosol
<b>Color:</b>	Clear Colorless Liquid
<b>Dielectric Strength:</b>	48,000 Volts
