# DUST-N-SHINE

**Cleaner, Duster,  
Polish and Protector**

### For Use By:

- Hotels
- Motels
- Hospitals
- Nursing Homes
- Restaurants
- Office Buildings
- Showrooms
- Medical Offices
- Banks
- Boats
- Virtually Anywhere  
a Cleaner, Polish, Duster  
and Protector is Needed!

DUST-N-SHINE is a new generation aerosol cleaning, polishing and dusting aid. As a cleaner and polish, DUST-N-SHINE restores the luster to and enhances the beauty of all hard surface items. As a duster, the quick penetrating foam can be used with a mop or cloth to attract dust, dirt and lint. DUST-N-SHINE is ideal for counter tops, marble, paneling, formica, plastic laminants, baked enamel finishes, vinyl, porcelain, tile and simulated wood.

- ✓ Provides Surfaces With a Long-Lasting Shine
- ✓ One Quick Application Restores Life to Almost Any Surface
- ✓ Clings to Vertical Surfaces
- ✓ For Use on Mops or Cloths
- ✓ Fresh Citrus Aroma
- ✓ 360° Valve Allows For Upright or Inverted Spraying

...setting performance  
standards worldwide...

## APPLICATIONS

**As a Dust Mop Treatment:** Pre-treat cloths and mops with DUST-N-SHINE for fast, scatterless dusting. DUST-N-SHINE turns your cloths and mops into dust magnets, so every wipe collects more dirt. It sprays on as a quick-breaking penetrating foam that deposits magnetic dust attractors deep into rags, cloths, mops and brooms, enabling immediate use. DUST-N-SHINE converts dust into heavy lint that is easily picked up and keeps it from floating through the air. It contains a self-indicating foam that shows when the mop is saturated and will no longer absorb dust, dirt or lint. Treated mops or cloths can be shaken out or washed in a sink or washing machine.

**As a Spray Cleaner and Polish:** DUST-N-SHINE eliminates dust flyaway and cleans and leaves a lasting shine. It dusts, cleans and shines in one simple step. DUST-N-SHINE removes dirt, smudges, smears and fingerprints. It features a soak-in formula that restores life and brilliance to wood surfaces. It leaves the area with a fresh citrus aroma.

**Use On Mops or Cloths to Dust and Shine:** Furniture, Frames and Sills, Venetian Blinds, Woodwork, Table Tops, Wall Panels, Formica, Vinyl, Marble, Plastic, Counter Tops, Appliances, Fiberglass, Floors and More!

## DIRECTIONS

### SHAKE WELL BEFORE USING

**Directions For Use as a Dust Mop Treatment:** Offers a unique 360° valve that allows spraying in an upright or inverted position. Spray foam in a sweeping motion across rag, mop, cloth or broom. Allow DUST-N-SHINE to penetrate into fibers. Re-apply as needed to attract dust or dirt. Shake out or wash when considerable dust or lint build-up is noticed or when foam will not soak in after application.

**Directions For Use as a Spray Cleaner and Polish:** Hold can 6 to 8 inches from surface. Spray DUST-N-SHINE directly onto surface or onto dust cloth. Wipe immediately with a soft cloth. To enhance appearance, turn cloth and polish to a high shine.

## TECHNICAL DATA

|                                   |                         |
|-----------------------------------|-------------------------|
| <b>Appearance:</b>                | White gel liquid        |
