# EASY BREEZE

## Fresh-Scented Metered-Mist Odor Neutralizer

### Use Anywhere:

- Hotels & Motels
- Waste Water Treatment Facilities
- Restrooms
- Restaurants
- Public Buildings
- Schools
- Gyms & Locker Rooms
- Nursing Homes
- Hospitals
- Garbage Receptacles
- Smoking Areas
- Anywhere Odor is a Problem

EASY BREEZE fresh-scented metered-mist odor neutralizer can be used in ATCO's Auto Meter Dispenser, as well as most timed, automatic metering dispensers. These dispensers activate the special metered valve at pre-determined intervals, releasing a spray of EASY BREEZE that stays suspended in the air longer for maximum odor control. Upon its release into the air, EASY BREEZE's fresh-scented odor counteractant spray merges with and eliminates offensive odors while leaving behind a pleasant & refreshing atmosphere. One can of EASY BREEZE adequately freshens a room of 30' x 20' x 10' for up to 30 days.

✓ Pleasant Fresh-Scented Fragrance

✓ Neutralizes and Deodorizes Office, Smoke, Restroom, Garbage & Food Odors

✓ Freshens Rooms up to 6,000 Cubic Feet For 30 Days

## APPLICATIONS

EASY BREEZE is a Fresh-Scented Metered Mist Odor Neutralizer that is designed to be used in ATCO's Auto Meter Dispenser.

Its uniquely blended pure premium fragrance with odor counteractant eliminates odors and leaves the air fresh, without CFC's or ozone-depleting substances.

Each can of ATCO's EASY BREEZE lasts for approximately 30 days when used on a 24-hour basis or 60 days if used 12 hours per day when set to dispense every 15 minutes.

EASY BREEZE is ideal for use in office reception areas and conference rooms, hotel/motel lobbies, restaurant lounges, hospitals, clinics, restrooms, or wherever you wish to create a fresh and clean atmosphere.

## DIRECTIONS

Remove protective cap and install product into ATCO's Auto Meter Dispenser. Dispenser should be mounted 7 feet from the floor and at least 8 feet away from exposed foods. Position the dispenser so that the concentrated spray will not hit people, animals, food, drinks, feeds, food processing surfaces, or solvent-sensitive surfaces (such as polished or varnished materials). Use only in well-ventilated areas. Avoid inhaling spray mist or vapor.

Hand-spray EASY BREEZE several times into the air before mounting into dispenser to prime the can and to leave an immediate fresh fragrance in the local area.
