- Hospitals
- Garbage Receptacles
- Smoking Areas
- Anywhere Odor is a Problem

# PLUM BLOSSOM

## Plum-Scented Metered-Mist Odor Neutralizer

PLUM BLOSSOM Plum-Scented Metered-Mist Odor Neutralizer can be used in ATCO's Auto Meter Dispenser. This dispenser activates the special metered valve at predetermined intervals, releasing a spray of PLUM BLOSSOM that stays suspended in the air longer for maximum odor control. Upon release into the air, PLUM BLOSSOM's unique plum-scented odor counteractant immediately merges with and eliminates offensive odors while leaving behind a pleasant and refreshing atmosphere. One can of PLUM BLOSSOM adequately freshens a room of 6,000 cubic feet for 30 days.

- ✓ Pleasant Plum-Scented Fragrance
- ✓ Effectively Neutralizes and Deodorizes Office, Smoke, Restroom, Garbage & Food Odors
- ✓ Freshens Rooms up to 6,000 Cubic Feet For 30 Days

## APPLICATIONS

PLUM BLOSSOM is a plum-scented metered mist odor neutralizer that is designed to be used in ATCO's Auto Meter Dispenser. Its uniquely blended pure premium fragrance with odor counteractant eliminates odors and leaves the air fresh, without CFC's or ozone depleting substances.

Each can of PLUM BLOSSOM contains 3,900 controlled sprays for use in closed areas that will last for approximately 30 days when used on a 24-hour basis or 60 days if used 12 hours per day when set to dispense every 15 minutes.

PLUM BLOSSOM is ideal for use in office reception areas and conference rooms, hotel/motel lobbies, restaurant lounges, hospitals, clinics, restrooms, or wherever you wish to create a fresh and clean atmosphere.

## DIRECTIONS

Remove protective cap and install product into ATCO's Auto Meter Dispenser. Dispenser should be mounted 7 feet from the floor and at least 8 feet away from exposed foods. Position the dispenser so that the concentrated spray will not hit people, animals, foods, drinks, feeds, food processing surfaces, or solvent-sensitive surfaces (such as polished or varnished materials). Use only in well-ventilated areas. Avoid inhaling spray mist or vapor.

Hand-spray PLUM BLOSSOM several times into the air before mounting into dispenser to prime the can and to leave an immediate fresh fragrance in the local area.
