APPLICATIONS

WHIRLWIND is a high pressure spray designed to remove foreign particles such as dust, dirt and lint from surfaces. Excellent for removing particles and dust from around keyboards, printing mechanisms, disk drives, CPU housings and electronic parts. WHIRLWIND leaves no residue. Disconnect all power sources before using on electronically powered devices. Do not spray on or near hot surfaces.

CAUTION

Keep away from heat, sparks and open flames. **Do not smoke** while using this product. Contains propane and butane. Use with adequate ventilation. Do not use in confined areas, or where there is a possibility of vapor buildup. Avoid prolong breathing of vapor. Avoid contact with eyes and skin. Can cause frostbite due to freezing effect. Do not puncture or incinerate container.

TECHNICAL DATA

Composition:	Alkane hydrocarbon mixture
Type:	Aerosol dust remover
pH:	N/A
Toxicity:	Low
Flammability:	Flammable
Vapor Pressure:	46 PSIG (propellant)
Spray Pattern:	Blasting mist
