AMIGO

Labor Saving Wax & Floor Finish Remover

...setting performance
standards worldwide...

- ✓ One Step Floor Renovator,
Wax and Polish Remover
- ✓ Non-Ammoniated
- ✓ No Heat Necessary
- ✓ Economical
- ✓ No Harsh Acids

APPLICATIONS

AMIGO's dual stripping action quickly unlocks and easily removes multiple wax and finish layers with the use of scrubbing machines.

AMIGO removes petroleum and carnauba-based floor waxes. It removes floor finishes, acrylics, metal cross-linked polymers and copolymers. AMIGO is great for cutting wax build-up, grease, oil and dirt. Effective in either hot or cold water.

Safe to use on all floors not harmed by water, such as linoleum, tile, vinyl, asbestos, rubber, terrazzo and concrete.

DIRECTIONS

For Heavy-Duty Stripping and Renovation: Dilute 1 part AMIGO with 3-4 parts warm or hot water. Mop over surface to be stripped and let stand 5-10 minutes. When finish is penetrated and softened, scrub with machine using brush or pad. Rinse thoroughly and damp mop or wet vacuum to remove all dissolved dirt and finish. Let floor dry completely before re-waxing.

For Light-Duty Maintenance Stripping: Dilute 1 part AMIGO with 8-16 parts water and mop over finish. Scrub lightly with brush and rinse as in heavy-duty stripping.

TECHNICAL DATA

COMPOSITION:	Alkaline builders, surfactants, glycol ethers, alcohols
Type:	Alkaline detergent
pH:	13.0
Specific Gravity:	1.08
Coverage:	1,200 - 1,500 sq. ft. per gallon (approx.)
Appearance:	Green liquid
Fragrance:	Citrus
