APOCALYPSE

Weed Killer Spray

Areas of Use:

- ✓ Industrial Plants
- ✓ Loading Docks
- ✓ Parking Lots
- ✓ Fence Rows
- ✓ Buildings
- ✓ Storage Yards
- ✓ Tank Farms
- ✓ Railroad Sidings

APOCALYPSE is an EPA registered weed killer spray. It contains a combination of 2,4-D and Bromacil to provide rapid knockdown and kill of all weeds and unwanted vegetation. APOCALYPSE can be used to kill weeds which interfere with drainage, create a fire hazard or cause an unsightly appearance.

Applications:

- Johnson Grass
- Crabgrass
- Foxtail
- Rye Grass
- Lambsquarter
- Broomsedge
- Turkey Mullein
- Other Weeds

APPLICATIONS

This product provides rapid knockdown and kill of most weeds and unwanted vegetation. Use around fence rows, parking lots, buildings, loading ramps, storage yards, tank farms, industrial plant sites. Use to kill weeds which interfere with drainage, create a fire hazard or cause unsightly appearance. Contains a soil sterilant, which will control weeds up to one year. CAN SPRAYS UPSIDE DOWN ONLY

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

General Weed Control: To control most weeds for an extended period of time on non-cropland areas, including parking lots, fence rows, loading ramps, railroad sidings, storage yards, around buildings and industrial plant sites, apply 1 can per 65 sq. ft.

To control annual weeds and grasses including foxtail, ryegrass, wild oats, crabgrass, cheatgrass, broomsedge, ragweed, lambsquarter and turkey mullein, apply 1 can per 65–128 sq. ft. For other hard-to-kill perennial weeds and grasses, such as Johnsongrass, saltgrass, bouncing bet, bracken fern and horsetail, apply 1 can per 65 sq. ft.

Remove protective cap. Invert can and point opening in spray tip towards weeds to be sprayed. Depress the tab on the side of tip and spray weeds thoroughly. Be sure to completely wet weeds. Use in late spring when most weeds have appeared. The amount needed will depend on the area to be covered. Reapply as necessary. Frequency of application will depend on soil type, rainfall and other conditions. One can will treat approximately 90 square feet. For Annual and Perennial Weeds do not apply more than twice a year. Do not apply more than 2.0 lbs ae per acre per application. The minimum retreatment interval is 30 days. For woody plants: Do not apply more than one application per year. Do not apply more than 4.0 lbs ae per acre per year.

Entry Restrictions: Do not enter or allow people (or pets) to enter the treated area until dusts have settled. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Spray Drift Management: A variety of factors including weather conditions (e.g., wind directions, wind speed, temperature, relative humidity) and method of application can influence pesticide drift. The applicator must evaluate all factors and make appropriate adjustments when applying this product.

Susceptible Plants: Do not apply under circumstances where spray drift may occur to food, forage, or other plantings that might be damaged or crops thereof rendered unfit for sale, use or consumption. Susceptible crops include, but are not limited to, cotton, okra, flowers, grapes (in growing stage), fruit trees (foliage), soybeans (vegetative stage), ornamentals, sunflowers, tomatoes, beans and other vegetables, or tobacco. Small amounts of spray drift that might not be visible may injure susceptible broadleaf plants. **Other State and Local Requirements:** Applicators must follow all state and local pesticide drift requirements regarding application of 2,4-D herbicides. Where states have more stringent regulations, they must be observed.

TECHNICAL DATA

ACTIVE INGREDIENTS:

2,4-Dichlorophenoxyacetic Acid, DMA Salt	0.29%
Bromacil (5-Bromo-3-sec-butyl-6- methyluracil)	0.50%
OTHER INGREDIENTS	<u>99.21%</u>
Total	100.0%

Contains Petroleum Distillates

Appearance:	Clear liquid
Odor:	Petroleum like
Flammability: (Concentrate)	Moderate
Flame Extension:	15 inches
Specific Gravity:	0.89 (7.4 pounds /gallon)
