

## APPLICATIONS

ATCO's ASSAULT Wasp and Hornet Killer contains a Permethrin, Tetramethrin and Piperonyl Butoxide formulation that drops wasps, hornets and yellow jackets instantly and kills with a residual action as they return to the nest. ASSAULT has a dielectric breakdown voltage of 49,500 volts. It features a jet spray that reaches up to 20 feet above ground and contains no CFC's or other ozone depleting substances. ASSAULT can be used both indoors (attics and other places where nests are built) and outdoors on wasps & hornet nests.

### USE RESTRICTIONS

Do not allow adults, children, or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Do not apply when food is present. Remove or cover dishes, utensils, food processing equipment, and food preparations surfaces, or wash them before use. For spot, crack and crevice treatment only. Remove pets and birds, and cover fish aquariums before spraying. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not make applications during rain. For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest. To kill wasps, hornets and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 30 seconds or until surfaces are
