BRIGADIER

All Purpose Renovator and Coil Cleaner

DID YOU KNOW...
that most solvent
cleaners today contain
toxic chemical.

DID YOU KNOW...
we've worked on
developing a general
purpose cleaner and
coil cleaner that's safe
and smells good. Now
it's here...BRIGADIER

BRIGADIER...Performance in Action.

● **ENVIRONMENTALLY SAFE.** BRIGADIER is made with natural citrus solvents, yet gives better solvency than toxic solvents. It is non-corrosive and contains no petroleum distillates, organic halides or alkalies. BRIGADIER has no toxic fumes and is environmentally safe.

PERFORMANCE BENEFIT: Safe to use most anywhere. No acid, caustic or corrosive elements to endanger personnel or environment.

● **DISSOLVES GREASE FAST.** BRIGADIER dissolves grease, oil, tar, dirt, adhesives, cosmoline and resins. The powerful foam of BRIGADIER adheres to vertical surfaces and allows deep penetration of grease and dirt. It will emulsify instantly in water at ambient temperatures to penetrate and liquefy many types of greases and resins.

PERFORMANCE BENEFIT: Concentrated foam means less product is required to get the job done.

● **DEODORIZES AS IT CLEANS.** BRIGADIER leaves a lingering fresh and natural citrus scent. A long-lasting orange fragrance remains after cleaning is completed.

PERFORMANCE BENEFIT: Dual action of cleaning and deodorizing saves labor, time and money.

...setting performance
standards worldwide...

APPLICATIONS

BRIGADIER's multi-purpose formulation will strip grease and heavy oil deposits from almost any surface. It is made to meet today's demand for a solvent cleaner that is safe, yet powerful.

BRIGADIER cleans engine parts, tools, machinery, walls, floors, lockers, tables, appliances, bathroom fixtures, aluminum coils and fins in all types of condenser units and more. It is used by hospitals, motels and hotels, maintenance departments, industrial plants and apartment complexes.

DIRECTIONS

Shake well before using. Remove cap and spray evenly over application surface. For heavily soiled areas, allow foam to stand two or three minutes, scrub and wipe clean. Repeat if necessary.

TECHNICAL DATA

Composition:	Orange terpenes
Type:	Organic solvent-based aerosol
Appearance:	White foam
Flammability:	Non-flammable
Toxicity:	Low
Color:	Clear yellow liquid
