APPLICATIONS

GLISTEN is a non-abrasive glass cleaner with a refreshing fragrance that leaves the area pleasant smelling. The unique formula quickly dissolves film and shines glass without streaking.

Use on glass, mirrors, chrome, stainless steel, enamel painted surfaces, ceramic tile, formica, display cases and many other hard surfaces. (Safe on most plastics, however, it is best to test before use on plastics).

DIRECTIONS

Simply apply through a sprayer or atomizer and wipe dry with a soft, clean cloth.
