- ✓ **Saves Time and Labor**
- ✓ **Removes Gum and Candle Wax Quickly, Easily and Completely**
- ✓ **Does Not Stain Carpet or Fabric**
- ✓ **Environmentally Safe - Does Not Contain Freon, CFCs, HCFCs or Other Ozone Depleting Substances**

...setting performance
standards worldwide...

APPLICATIONS

GUM-GO is excellent for removing gum and candle wax from tables, chairs, floors and other surfaces.

GUM-GO freezes and releases the adhesion of the gum for effortless removal, without the use of any harsh chlorinated solvents or ozone depleting substances.

DIRECTIONS

Spray GUM-GO directly at the point of adhesion between the gum and the surface until frost appears. In most cases, the gum will simply fall off by itself. In some stubborn cases, slight prodding with a screwdriver or putty knife may be needed. GUM-GO will leave no mark or stain on the surface.

TECHNICAL DATA

Classification: Aerosol chewing gum
remover

Flammability: Extremely flammable
As Per USA Flame
Projection Test

Spray Pattern: Blasting mist

Color: Colorless
