APPLICATIONS

This product is suitable for use in either hand washing applications or automatic washing machine operations. New and used car dealerships, truck and bus fleet maintenance crews, as well as car wash operators, find this hard-working concentrate a real labor saver at a very competitive price.

Other applications include bus and taxi fleets, golf carts and other golf course equipment, auto dealerships, city and county garages, mobile home dealers, boat dealers, heavy equipment companies and farm equipment dealers.

DIRECTIONS

FOR USE IN PRESSURE WASHERS:

Dilute 10-1 with water before running through the pressure washer. Rinse thoroughly.

FOR HAND WASHING: Dilute 20-1 with water. Rinse thoroughly.

TECHNICAL DATA

Specific Gravity:	1.01
Water Solubility:	Completely soluble
Odor:	Mild
Appearance:	Yellow-green liquid
pH (Conc.)	9.0
