# **NITTY-GRITTY**

## **Multi-Purpose Industrial Strength Hand-Cleaning Wipes With Grit**

NITTY-GRITTY wipes are tough on soils, but gentle on the skin and eliminates the need for water and towels. Its uniquely textured wipe with grit accelerates cleaning action. Each NITTY-GRITTY wipe conditions hands with aloe vera, glycerin, Vitamin E, jojoba, wheat germ extract and natural citrus oils. Its easy-to-open and close dispenser keeps wipes from drying out, and its compact, lightweight packaging makes it a perfect cleaner for workers on the go, print shops, auto repair shops and many other places.

- ✓ **Contains Aloe Vera, Glycerin, Jojoba, Wheat Germ Extract, Vitamin E and Natural Citrus Oils**
- ✓ **For Use on Hands, Tools, Equipment and More**
- ✓ **Grit Added for Maximum Cleaning Power**
- ✓ **VOC Free and Biodegradable**
- ✓ **Pleasant Citrus Fragrance**

## APPLICATIONS

NITTY-GRITTY Multi-Purpose, Industrial Strength Hand-Cleaning Wipes With Grit combines a powerful cleaning formula proven to be tough, yet safe, with a strong super absorbent industrial strength dual-textured wipe. NITTY-GRITTY features a textured side with grit for scrubbing and a smooth side for gentler applications. Each NITTY-GRITTY wipe easily cuts through tar, grease, wax, ink, paint, lubricants and adhesives. Non-scratching, citrus-scented NITTY-GRITTY are industrial strength but also gentle, fortified with aloe vera, glycerin, Vitamin E, jojoba, wheat germ extract and natural citrus oils so they won't crack or dry skin. NITTY-GRITTY not only clean hands, but each pre-saturated wipe tackles almost any job, from wiping up oily spills to cleaning stainless steel tools.

## DIRECTIONS

**For Dispensing:** Begin by removing lid from NITTY-GRITTY container. Thread a wipe (found in center of roll) through dispensing slot in lid. Snap lid securely onto bucket. To dispense, pull wipe firmly to the side until it releases at perforation. Reseal opening to assure moisture retention in NITTY-GRITTY wipes. Store at room temperature.

**For Use:** Scrub with the textured side until soil is loosened, then use the smooth side to wipe clean. Discard used wipe in trash. DO NOT FLUSH.
