Planet Green Products All-Purpose Cleaner

Excellent For Use In:

- Food Service
- Industrial
- Automotive
- Janitorial Applications

Planet Green All-Purpose Cleaner contains a biodegradable formulation that is based on a surfactant system with fast Dynamic Surface Tension, allowing for superior penetration and removal of oily/greasy soils. Containing no solvents, butyl, glycol ethers, with zero VOC's and low odor, this product is superior to most non-butyl degreasers on the market and works as well as butyl-based products in heavy-duty industrial applications. The surfactant system is derived from naturally occurring sources and has passed all the necessary testing for a Green Seal GS-37 standard.
