

## Product Data

**Rust is One of the Worst and Costliest Maintenance Problems Worldwide:**

- **Rust and Corrosion Destroy Equipment**
- **Equipment Fails Under Normal Operating Conditions**
- **Increased Maintenance Costs**
- **High Material Costs For Repairs**

# RUSTAME II

## Rust Converter

ATCO's RUSTAME II Rust Converter is a liquid surface conditioner and primer that converts existing rust into an inert, protective coating that seals out moisture and corrosion to prevent future development. Unlike other products, it is not a simple cleaner or cover-up. RUSTAME II's special formula attacks rust at the chemical level, for fast, long-lasting results. Treated surfaces turn matte black, and can be painted with an oil-based paint for even longer protection against new rust.

- ✓ **Converts Rust Into A Long-Lasting, Protective Coating**
- ✓ **Prepares Metal Surfaces to Readily Accept Final Coats of Oil-Based Paint**
- ✓ **No Sand-Blasting or Etching Required**
- ✓ **Protects Against Effects of Weather, Rain, Sun and Salt Spray**

**Type:** Heavy-Duty Foam Degreaser  
**Appearance:** White Foam With Citrus Odor  
**pH:** 11-12  
**Specific Gravity:** .95  
**Flash Point:** N/D

TAKE-OFF is VOC Compliant to be sold in all states EXCEPT California.

# TECHNICAL DATA

**Type:** Heavy-Duty Foam D  
**Appearance:** White Foam With C  
**pH:** 11-12  
**Specific Gravity:** .95  
**Flash Point:** N/D

TAKE-OFF is VOC Compliant to be sold in all states EXCEPT California.
