

SPLATZ

Urinal Mat

SPLATZ absorbs and neutralizes uric acid (urine), protecting your floors and keeping your restrooms smelling great. An impenetrable bottom plastic layer keeps urine off the floor while a superabsorbent top layer consumes and neutralizes urine. Works for up to 60 days.

APPLICATIONS

Reduces costs and labor by 50% - our superabsorbent soaks up at least twice as much as the leading mat, so it works twice as long.

Replacement Date Indicator - assures a cleaner, fresher restroom since you know when to replace it.

Stays Put - unique, non-slip flexible materials hold the mat where you place it, keeping the restroom clean.

Hides Stains - our superabsorbent layers are black so they hide unsightly urine.

Traps & neutralizes urine - our unique, patent pending odor lock technology traps and eliminates urine and its odor, keeping your restroom smelling great.

DIRECTIONS

Pull off the date tab upon installation to remind you when to change the mat. Place mat on the floor under urinal for a cleaner smelling restroom.
