

- **Fast-Acting for Quick Response:** A layer of MeltBlown polypropylene creates high surface area that enables SUKUP OIL MAT to quickly soak up liquids on contact.
- **High Absorbency Keeps It on the Job Longer:** A random assembly of large-diameter MeltBlown poly fibers creates a lofty layer. Mat absorbs high volumes of liquid fast. Great for catching overspray or soaking up spills.
- **Ultrasonic Bond Points Keep Mat Intact:** Ultrasonic bond points fuse layers of fibers together — Mat keeps its shape even when completely saturated. Top layer of lint-free SpunBond fabric provides extra strength. “Dimples” add fast-wicking power. SpunBond top layer allows for better defined perforations and cleaner, easier tear-offs. Pads are perfed vertically at 7.5.

SUKUP OIL MATS control spills and overspray to help keep floors dry and safe. Color-coded to help you visually identify the right sorbent for your needs. Bright white designates oil-only sorbency for oil and other petroleum-based fluids — but not water; makes it easy to identify when saturated.

## APPLICATIONS

The SUKUP OIL MAT is ideal for the general purpose cleaning for oil and other petroleum-based fluid spills. Their treated polypropylene layers are bonded for strength and durability creating a high surface area that enables SUKUP OIL MAT to quickly soak up liquids on contact. They absorb high volumes of liquid fast. Great for catching overspray or soaking up spills. Mat keeps its shape even when completely saturated.

## DIRECTIONS

Place SUKUP OIL MATS wherever there are leaks and spills, or wherever they may occur. Once fully saturated, just pick up and remove the SUKUP OIL MAT along with the mess.

## TECHNICAL DATA

<b>Description:</b>	15" w x 19" L (100 pads per package)
<b>Absorbency:</b>	Each pad absorbs up to 37.25 oz. per pad
<b>Color:</b>	White
