SUPPRESS

Granular Odor Counteractant With Citronella

Features and Advantages of SUPPRESS

- Instantly Neutralizes Malodors
- Absorbs Odor-Causing Spills
- Easy to Apply
- Provides Long-Lasting Odor Control
- Suppresses Gaseous Malodors in Waste Management Operations and Sewage Operations
- Destroys Trash and Garbage Odors
- Ideal For Dumpsters and Compactors
- Biodegradable and V.O.C. Compliant

SUPPRESS granular odor counteractant with citronella is formulated to handle even the toughest odors from institutional, municipal, commercial and restaurant wastes. It contains the exclusive odor destroying additive Metazene®, offering the perfect solution to odor problems from trash containers, garbage dumpsters and trash compactors.

SUPPRESS offers an exclusive triple-phase odor control system: 1) absorbs rancid, odor-causing spills 2) counteracts odors with Metazene® odor counteractant and 3) controls and freshens airborne malodors.

...setting performance
standards worldwide...

- ✓ Effectively Suppresses Gaseous Malodors Associated With Decaying Carcasses and Organic Wastes
- ✓ Long-Lasting - Controls Odors Between Waste Hauling Cycles
- ✓ Biodegradable, Non-Corrosive and Contains No Acids

APPLICATIONS

Use a little SUPPRESS and big odors disappear! It is scientifically formulated for heavy-duty applications. SUPPRESS effectively counteracts malodors at landfill sites, in sewage treatment plants and lift stations, manure piles, in garbage and refuse trucks and dumpsters, rendering plants, trash containers and compactors, incinerators, other refuse disposal operations, restaurant dumpsters and hospitals. It is also for use in absorption and counteracting of odors from vomit, human and animal fecal matter and urine waste.

DIRECTIONS

WASTE CONTAINERS/DUMPSTERS: Place 2 or 3 scoops of SUPPRESS per cubic yard of container capacity. Repeat after each service cycle. Keep lid closed during storage.

GARBAGE COLLECTION TRUCKS: Spread SUPPRESS freely onto beds and hoppers of garbage and refuse trucks.

TRASH CANS, CONTAINERS AND COMPACTORS: Apply 2-3 tablespoons of SUPPRESS when empty and as needed.

INDOORS: Evenly distribute SUPPRESS at a rate of 1-2 ounces per 100 sq. ft. Sweep up and dispose of properly.

OUTDOORS: Spread around and under dumpsters and apply onto liquid run-off puddles.

LIQUID SPILLS: SUPPRESS absorbs and contains odorous liquid spills for easy pick-up and disposal. Use rubber gloves while applying.

ANIMAL CONTAINMENT (KENNELS & FARMS): Liberally apply SUPPRESS on and around excrement and sweep up into plastic trash bag. Keep away from animal feeding and contact feeding areas. Dispose of properly.

FOOD PROCESSING WASTE: From restaurants, hotels, hospitals, nursing homes, taverns, etc.

TO CONTROL ORGANIC MALODORS: From decomposing fish, seafood, poultry, meat and grease by-products.

PEST CONTROL: (Carrion) Odors caused by animal carcass decomposition. Whenever possible, apply SUPPRESS directly to carcasses and adjacent surfaces. If odor is inaccessible, apply SUPPRESS as close to source as possible.

EMESIS REMOVAL (VOMIT): Liberally apply on and around excrement and sweep up into plastic trash bag and dispose of properly.
